

Takeout Battle starts on August 24!

When residents order takeout from one of the following restaurants and take a selfie of themselves and their server both wearing face masks, they can send it to nrstrong@newrichmondwi.gov with their information and the name of the restaurant, and the City will send the resident a \$50 gift card to that restaurant.

This promotion is limited to the first 100 New Richmond residents 18 and older. Have your face masks ready and have fun!
